

PreRoll-Er™

PROVEN SOLUTIONS
FOR CANNABIS AUTOMATION

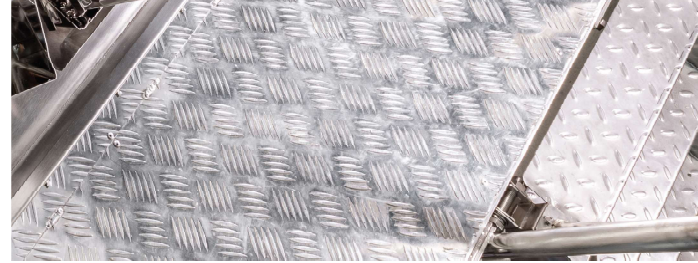

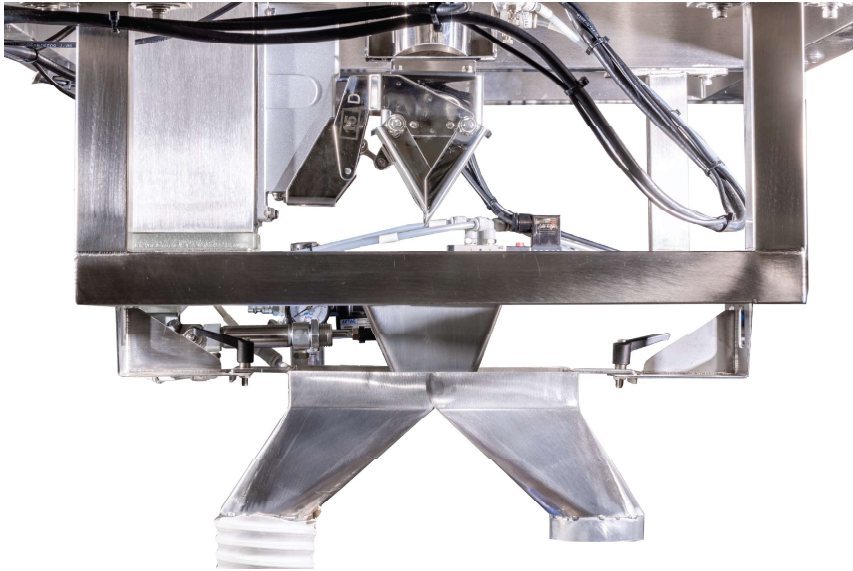

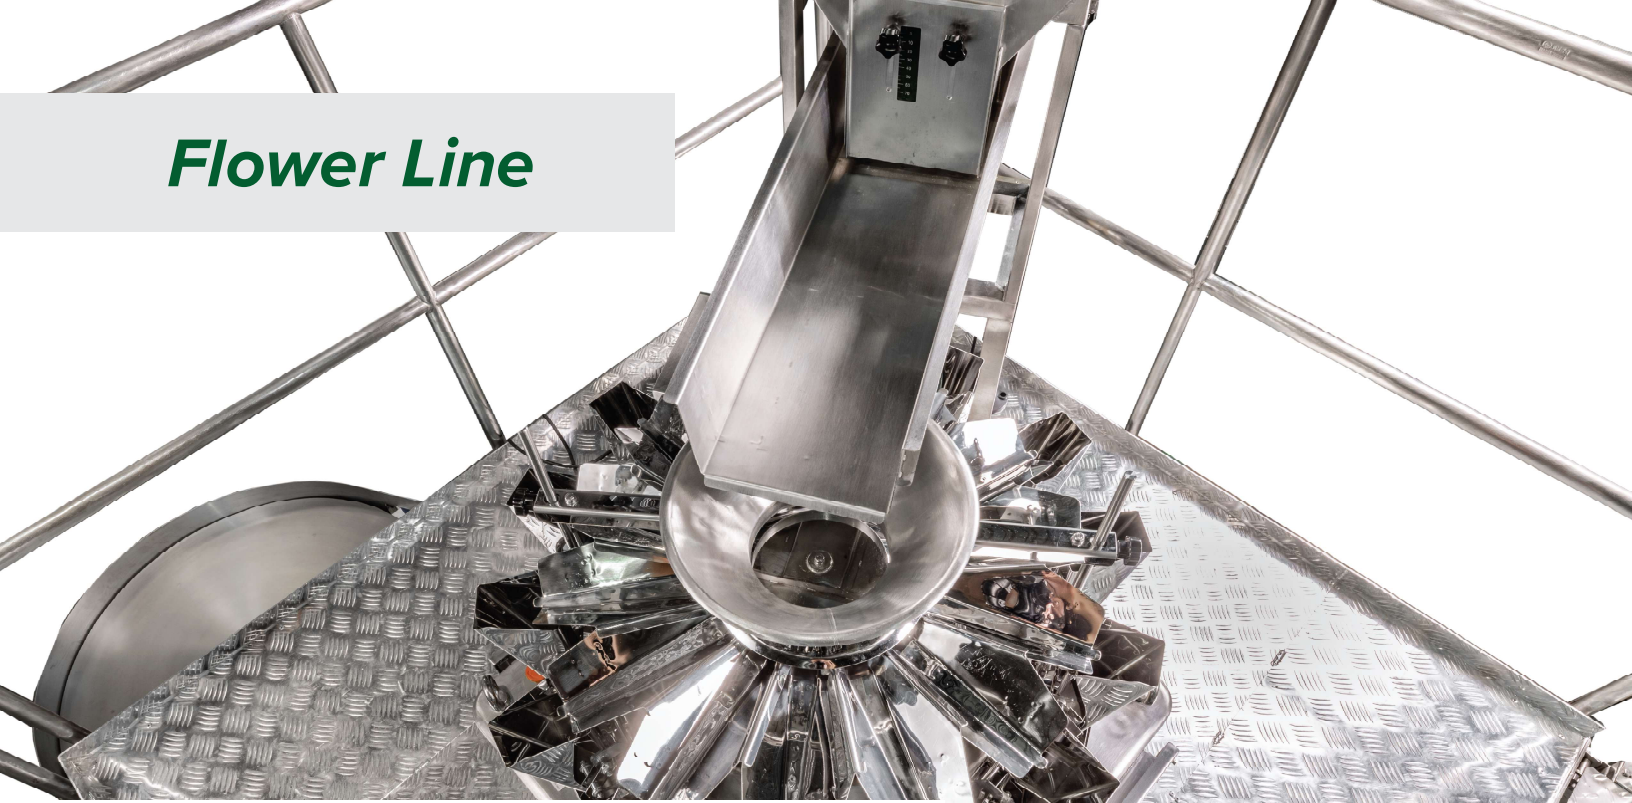

THE ULTIMATE EXPERIENCE
BACKED BY TOP TECHNOLOGY

Flower Line

Flower Line

Highly precise combination scale to perfectly weigh dry cannabis flowers.

Top Technologies

The flower line by PreRoll-Er packages cannabis flowers inside jars or bags. With 14 individual weighing heads, the combi scale offers very precise dosing every time. For jars, the flower line includes a conveyor with indexing system. For bags, the equipment is a stand-up pouch bagger.

What People are Saying

“Our operators find the machine very easy to work with and it's easy to make any needed adjustments.”

“One of the things that impressed us about Procepack is their after-sale service. Both technicians and administrative staff have made site visits.”

Technical Info

Bags

Production capacity: up to 20 bags/min
Easy adjustment for pouch width
Bag feeding, opening, filling and sealing
