

# PreRoll-Er™

PROVEN SOLUTIONS  
FOR CANNABIS AUTOMATION

THE ULTIMATE EXPERIENCE  
BACKED BY TOP TECHNOLOGY

*Tube Labeler*

# Tube Labeler

The highly precise prism station ensures a perfectly placed and applied label every time.

## Top Technologies

The tube labeler applies labels on tubes and jars of any sizes. The equipment comes with a tube and jar feeding system that is easily adjustable. It combines Italian technology and North American sturdiness to ensure precise application.

PreRoll-Er offers a wide range of labelers for every type of application.

## Product Type

- Tubes
- Jars
- Bags
- Boxes
- Bottles

## Applications

- Wrap-around
- Top labeling
- Front and back
- Excise stamp
- Over the cap label

## What People are Saying

“Our operators find the machine very easy to work with and it's easy to make any needed adjustments.”

“One of the things that impressed us about Procepack is their service after the sale. Both technicians and administrative staff have made site visits.”

# Technical Info

## Highlights
